

MICROBAC®

**ProShield** experts on developing the innovative nanotechnology. Founded from the spirits of being infinite, innovative, professional, and eco-friendly, we aim to support the pursuit of creating a safer, cleaner and healthier environment.

We provide series of nanostructure solution, to protect people from the hassle of bacterial, viral and dirt in all of the occasions. Multiple certifications of ProShield are the strongest proof that it's the best solution - anti-viral, anti-bacterial, self-cleaning and eco-friendly.

**Proshield's** nano-materials can apply with a large variety of medical and other different products. As the nanocoating covers on the surfaces, it decomposes virus, bacteria and dirt in one touch, in order to keep people away from spreading of infectious diseases.

Our services aim to provide our clients with the best combination of products with our resources, so that the value of their products can be enhanced.

# ProShield

## Features

Anti-virus & Anti-bacteria

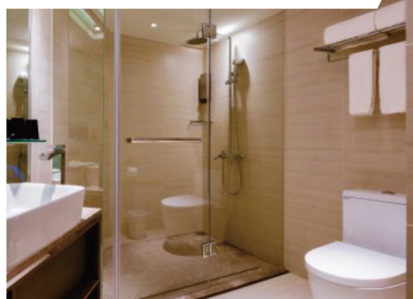

Air freshen

Removal of formaldehyde & TVOC

Waterproofs and Anti-mould

Self-clean

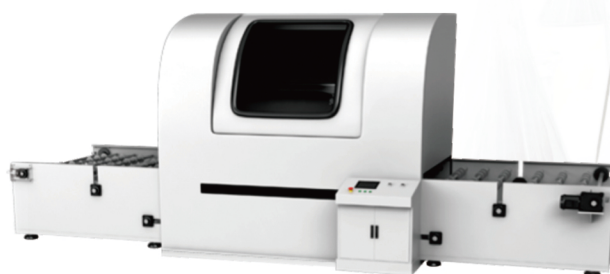

Anti-corrosion

## Applying Equipment

Power sprayer

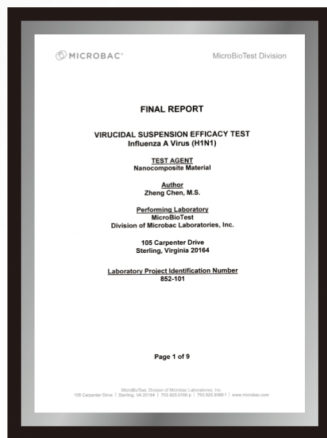

Ultrasonic System

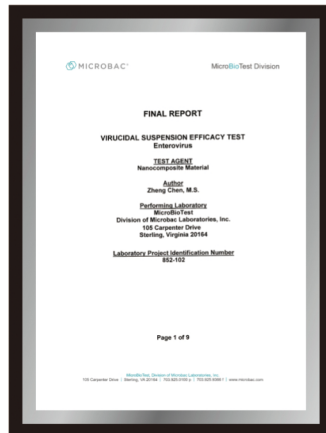

Spraying gun

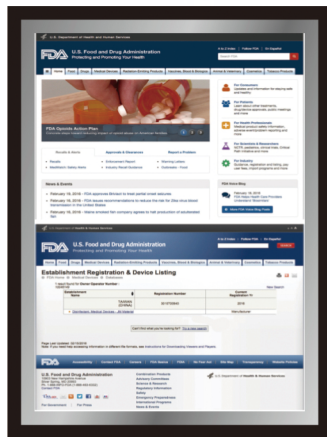

## Certifications

MicroBac H1N1

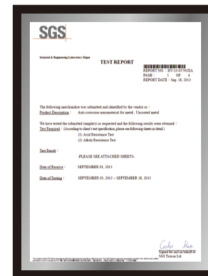

MicroBac Enterovirus

FDA Certification

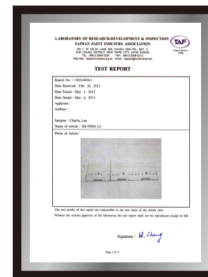

Singapore Green Building Products

Acid Resistance Test

Salt Spray Test

Hardness Test

Removal rate of Formaldehyde

SGS RoHS Report

Removal rate of TVOC

## Uniqueness

- Have obtained certifications from MicroBac H1N1 and Enterovirus test Edible.
- Harmless to human beings and animal proven by FDA regulation long term effect of decomposing contaminants.
- Economical solution Widely application for multiple requirements.
- Excellent abilities of combining with various materials Multiple.
- Certifications of anti-virus test can be authorized to distributors.

# Infinite Application

## Public/ Interior Space

Medical Centre  
Public Transportation  
Education Institution  
Food Factory  
Shopping Centre  
Automobile

## Products developing

Air conditioner  
Medical Products  
Lighting Equipment  
Fabric  
Building materials  
Furniture  
Metallic materials  
Plastic Products  
Pet Supplies

## Outdoor Facilities

Solar Board  
Exterior of Buildings  
Farms  
Streetlights  
Signboard
